REMARKABLE RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th Street, Phila., Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.
